**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1 and 12 are allowed.
2. The following is an examiner's statement of reasons for allowance:
  - a. Applicants disclose and suggest a system and method for providing procurement services to a plurality of customer companies. Applicant's system and method is novel and innovative in the sense that it establishes a user profile for each person authorized by a customer company to access procurement services; associating each company with a company group of related companies; the user profile specifying for each user a user company and company group; providing for each procurement resource to be shared among users a resource profile specifying for each resource those companies to have access to the procurement resource; and responsive to the user profile and resource profiles, controlling user access to the procurement resources. Barnard et al (U.S. PG Pub No. 20050097016) the closest prior art teach method for developing a general procurement and accounts payable application includes the steps of maintaining a database of templates describing procedures for developing a general procurement and accounts payable system, and operating a plurality of web-enabled user terminals to access via a server database for coordinating tasks by a plurality of service provider and customer teams implementing the procedures. Barnard et al fail to teach or suggest system and method is novel and innovative in the sense that it establishes a user profile for each person authorized by a customer company to access procurement services;
